Ministry

Practical Spirituality. Welcoming Community.

WE offer a metaphysical teaching which encourages regular spiritual practice including prayer, meditation, affirmation, denial, service and study.

WE seek to discover and share spiritual practices which are repeatable and reliable and to infuse these spiritual practices into every area of our daily living.

WE teach the unity of all life, transcendent of culture, era or religion or lack thereof.

WE believe each person is an individualized expression of Divinity Itself and we accept each person as such, without condition, question or exception. As a matter of principle, we love BOLDLY.

WE actively seek and enthusiastically include truths from all great spiritual traditions.

WE welcome people from all spiritual traditions or from no spiritual tradition whatsoever into every activity of our community.
